POLICY

Subject: Hosting of FIS Sanctioned Competitions

Adopted by the Board of Directors: June 6, 1999;
revised May 1, 2000
revised April 14, 2004
reviewed August 15, 2011

- 1) In as much as the Rights to any and all FIS competitions belong to the CSA as the NSA for Canada, all bids to Calendar FIS sanctioned competitions including World Cup or "Tour" events must be made through written communication from the CSA to the FIS.
- 2) All bids to host major FIS sanctioned competitions (such as World Championships, but excluding Junior World Championships, or Discipline specific World Cup Finals) must include a representative of the CSA on both the bid committee and on the competition organizing committee.
- 3) Member disciplines of the CSA will be responsible to the CSA for FIS Calendar or event Sanction Fees.
- 4) The assessment of a CSA Sanction Fee of 1% of cash revenues of major FIS sanctioned competitions staged in Canada shall be adopted in principle. CSA Sanction Fees will not be applied to FIS competitions at the World Cup level

or lower.

- 5) The implementation of Sanction Fees will be deferred until a formal business plan is adopted by the CSA Board of Directors.
- 6) The roles, responsibilities, and obligations of all significant partners with respect to the hosting of major FIS competitions (World Cup / Tour Events / World Championships) shall be set out in an agreement which shall be prepared by the CSA. In doing so the CSA may choose to delegate all or some responsibilities to the CSA member organization or to an agreed third party that has applied to host the competition. In this case the following shall apply:
 - a) The CSA member organization and/or third party shall indemnify the CSA and hold the CSA harmless from and against all loss, damages, and expenses, including legal fees and disbursements which the CSA might incur because of any sanction, claim, action, or proceeding arising from the member organization's hosting of a FIS competition.
 - b) The CSA member organization and/or third party shall provide the CSA with a report at the conclusion of each FIS competition hosted by that member organization during the year. This report shall specifically identify any issues that may impact on the relationship between the CSA and FIS.
